Járvány sújtotta társadalom Koltay András, Török Bernát, 2021-11-10 A járvány társadalomtudományi vizsgálata többszörösen is összetett feladat. Egyrészt mivel a koronavírus társadalmi életünk minden szegmensében érezteti hatását, valamennyi tudományterület szakértelmére és szempontjaira szükségünk van a hatások azonosításához és a következtetések levonásához. Másrészt a világjárvány terjedése, a leküzdéséért vívott küzdelem és következményeinek kezelése globális szinten zajlik, ezért a nemzetállami folyamatok értékelését regionális és nemzetközi kitekintéssel kell teljessé tennünk. A Nemzeti Közszerológati Egyetem oktatóinak és kutatóinak szerzői közreműködésével készült kötet ebben az összetettségben elemzi a járvánnyal összefüggő társadalmi folyamatokat. A könyv tükrözi és visszaigazolja az egyetem közszérológati életpályákra integráns módon tekintő filozófiáját: a koronavírus szerteágazó hatásait együtt elemzik az állam-, a politika-, a rendészet-, a hadtudomány és a katasztrófavédelem szakemberei. Mindemellett e rendkívüli időszak magyar tapasztalatain túl számba veszi a számunkra releváns európai és nemzetközi következményeket is. Ma már azt is tudjuk, hogy a világjárvánnyal kapcsolatos tapasztalatainkat a második és a harmadik hullám is elmélyítette. A kötetben közölt tanulmányok kéziratái az első hullám után készültek, de következtetéseik érvényét a későbbi történések csak erősítették.

Handbook on European Data Protection Law Union européenne. Agence des droits fondamentaux, Conseil de l'Europe, Cour européenne des droits de l'homme, 2014 The aim of this handbook is to raise awareness and improve knowledge of data protection rules in European Union and Council of Europe member states by serving as the main point of reference to which readers can turn. It is designed for non-specialist legal professionals, judges, national data protection authorities and other persons working in the field of data protection.

Az Infotörvényről a GDPR-ig Dr. Szabó Endre Győző, 2021-11-10 A tanulmánykötet célja olvasmányosan, szemtanúk írásain keresztül bemutatni az elmúlt évtized adatvédelmi szempontból kiemelt eseményeit. A szerzők mindegyike alkotója és szemtanúja volt fontos történéseknek. Összinté áttekintést nyújtunk egy egész évtizedről, annak kulcsfontosságú lépéseiről. Akár átlagos, akár kiemelkedő teljesítményként tekintünk az elmúlt időszakra, annak egy-egy teljesítményére, most van itt az ideje annak, hogy leltárt készítsünk mindarról, ami ezt az évtizedet jellemezte. A kötet nem tankönyv jelleggel kívánja leírni, hogy mit hogyan kell értelmezni, mi helyes, és mi nem helyes. A kötet tudományos igényvel készült, de nem száraz szakmai

tanulmányok sora. Bevezetjük az olvasót az események sodrába, hogy élményszerűen szegődhessen az írók nyomába az egyes történetek megismerésekor. A kötet visszatekintés, jövőbe tekintés és leltár egyidejűleg.

ReNEUAL Model Rules on EU Administrative Procedure Paul Craig,Herwig Hofmann,Jens-Peter Schneider,Jacques Ziller,2017 The Research Network on EU Administrative Law (ReNEUAL) was established in 2009 and now comprises well over one hundred scholars and practitioners active in the field of EU and comparative public law. The aim of the network is to contribute to the development of a legal framework in which the constitutional values of the EU can be embedded in the exercise of public authority. Drafted by four working groups addressing the main aspects of EU administrative procedure, the ReNEUAL Model Rules offer a toolkit for European and domestic authorities seeking to regulate administrative action, reinforcing general principles of EU law and identifying, on the basis of comparative research, best practices in different specific policies of the EU. The book includes an extended introduction chapter, followed by the Model Rules, which are organised into six parts. Part I addresses general issues concerning the scope of the Model Rules and their relation to existing rules in EU legislation and Member State law; Part II is concerned with rulemaking by EU institutions, bodies, offices, and agencies; Part III focuses on single case decision-making by EU institutions, bodies, offices, and agencies; Part IV addresses contracts of EU institutions, bodies, offices, and agencies; Part V discusses mutual assistance between administrations; and Part VI addresses inter-administrative information management.

Analysis suggests market forces and government programs will draw more workers into the profession in time, and steps taken today would not bear fruit for another five to ten years.

Policy Coherence for Sustainable Development 2018 Collectif, 2018-05-28 The 2030 Agenda is a universal, collective responsibility that covers all levels: global, national and territorial. To address global policy challenges in a complex and interconnected world, policy coherence will be key. A more coherent multilateral system will be essential to reconcile and deliver the economic, social and environmental transformations needed to achieve the Sustainable Development Goals (SDGs). The 2018 edition of *Policy Coherence for Sustainable Development* shows how integrated and coherent policies, supported by strong institutional mechanisms, can contribute to the “Transformation towards sustainable and resilient societies” – the theme of the 2018 United Nations High-level Political Forum (HLPF). The report applies the institutional, analytical and monitoring elements of the “policy coherence for sustainable development” framework to identify challenges and opportunities facing governments as they move to implement the SDGs, both at the national level and collectively at the global level. The report suggests eight building blocks for enhancing policy coherence for sustainable development (SDG Target 17.14), and identifies emerging good institutional practices drawing on recent OECD work, country surveys and voluntary national reviews. It includes 19 country profiles and sets out options for tracking progress on policy coherence for sustainable development at the national level.

National cyber security : framework manual Alexander Klimburg, 2012 What, exactly, is 'National Cyber Security'? The rise of cyberspace as a field of human endeavour is probably nothing less than one of the most significant developments in world history. Cyberspace already directly impacts every facet of human existence including economic, social, cultural and

political developments, and the rate of change is not likely to stop anytime soon. However, the socio-political answers to the questions posed by the rise of cyberspace often significantly lag behind the rate of technological change. One of the fields most challenged by this development is that of 'national security'. The National Cyber Security Framework Manual provides detailed background information and in-depth theoretical frameworks to help the reader understand the various facets of National Cyber Security, according to different levels of public policy formulation. The four levels of government--political, strategic, operational and tactical/technical--each have their own perspectives on National Cyber Security, and each is addressed in individual sections within the Manual. Additionally, the Manual gives examples of relevant institutions in National Cyber Security, from top-level policy coordination bodies down to cyber crisis management structures and similar institutions.--Page 4 of cover.

The Information Society David Lyon, 2013-04-26 This book provides an overview of debates about whether we are entering into a phase of social existence without precedent - the 'information society'. Intended as a bridge between the literatures of 'social theory' and the 'social impact of technology', this study exposes the myths surrounding the creation of the information society, discussing technologies such as cable TV and robotics.

Transformational Chairwork Scott Kellogg, 2014-12-18 Transformational Chairwork: Using Psychotherapeutic Dialogues in Clinical Practice is an exposition of the art and science of Chairwork. It is also a practical handbook for using the Chairwork method effectively with a wide range of clinical problems. Originally created by Dr. Jacob Moreno in the 1950s

and then further developed by Dr. Fritz Perls in the 1960s, Chairwork has been embraced and re-envisioned by therapists from cognitive, behavioral, existential, Jungian, experiential, psychodynamic, and integrative perspectives. Transformational Chairwork builds on this rich and creative legacy and provides a model that is both integrative and trans-theoretical. The book familiarizes clinicians with essential dialogue strategies and empowers them to create therapeutic encounters and re-enactments. Chairwork interventions can be broadly organized along the lines of external and internal dialogues. The external dialogues can be used to help patients work through grief and loss, heal from interpersonal abuse and trauma, manage difficult relationships, and develop and strengthen their assertive voice. The internal dialogues in turn focus on resolving inner conflicts, combatting the negative impact of the inner critic and the experience of self-hatred, working with dreams and nightmares, and expanding the self through polarity work. Using both internal and external strategies, this book explores how Chairwork dialogues can be a powerful intervention when working with addictions, social oppression, medical issues, and psychosis. This is done through the use of compelling clinical examples and scripts that can be read, studied, and enacted. Chairwork's central emphasis is helping patients express each of their voices as distinctly and as forcefully as possible. The book concludes with a review of the deepening technique—the strategies that therapists can use to help facilitate clarity and existential ownership. an use to help facilitate clarity and existential ownership.
